We want as many people as possible to be able to use our website. Technical information about this website's accessibility

Compliance status

St John's Church of England Primary School is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

This website is partially compliant with the Web Content Accessibility Guidelines version 2.2, due to the non-compliances and exemptions listed below:

Non-accessible content
The content listed below is non-accessible for the following reasons:

- Use of documents: Various documents are in use on this website, including PDFs and Word documents. These are not all currently accessible. If documents are required, we are aiming to make these as accessible as possible, including using appropriate heading styles and meeting colour contrast requirements. Please get in touch if there are any documents that you are not able to access and we will provide the information in a different format.
- Links are only identified by colour: At times, only colour is used to differentiate hyperlinks from the rest of the page text. Hyperlink styling will be reviewed.

Non-compliance with the accessibility regulations

- Some images may not have alt text so people using a screen reader may not be able to access this older content.

What we're doing to improve accessibility

Schools are partially exempt from the accessibility requirements for public sector websites. Due to this partial exemption, St John's Church of England Primary School believes it is currently meeting the government's requirements on accessibility, but the school aims to continue to improve accessibility where possible.
